Our mission is to ensure that clients and their families have access to compassionate, high-quality rehabilitative and specialty care services in the comfort of their homes and communities.

CHAP is an independent, not-for-profit, accrediting body for community-based health care organizations. Created in 1965, CHAP was the first to recognize the need and value for accreditation in community-based care. CHAP is the oldest national, community-based accrediting body, with more than 9,000 agencies currently accredited nationwide. Through “deeming authority” granted by the Centers for Medicare and Medicaid Services (CMS), CHAP has the regulatory authority to survey agencies providing home health, hospice, and home medical equipment services, to determine if they meet the Medicare Conditions of Participation and CMS Quality Standards. CHAP's purpose is to define and advance the highest standards of community-based care.
